INDIVIDUAL REPORT on SDG 16 - Peace, Justice and strong institutions

Aktau 2023

SUSTAINABLE DEVELOPMENT GOALS

Individual Report

16.2 University governance measures

The university has a student self-government, “YU UNION” to address the main issues related to the improvement of life, leisure of students, relations with other universities, protection of students' rights, etc.

- participation in collegial management bodies (Academic Council, Ethics Council, Public Council, etc.)
- participation in the work of commissions and working groups (budget commission, commission on benefits, etc.)
- protection and representation of the rights and interests of students;
- assistance to students in solving educational, social and other issues affecting their interests;
- creating conditions for the development of a sense of social responsibility of young people, participation in solving urgent problems of society;
- preservation and development of democratic traditions of students;
- assistance to management bodies in solving educational and scientific tasks, in organizing the educational and educational process, as well as leisure and everyday life of students.

YU has a department of Social Development which is a main connecting body between the university staff and local representatives.

<https://yu.edu.kz/ru/sovet-direktorov/>

YU has implemented an anti-corruption program at university. Now there is an anti-corruption department. This department functions within two institutes - 1. Institute of integrity and 2. Corporate culture at the University. It has its news tab where it publishes about plans and events within the framework of corruption & bribery.

1. Yessenov Language Center is a pilot project of Yessenov University, the purpose of which is to create new opportunities to improve the language training of teaching staff and students of the university, as well as the population of Mangystau region through the introduction of international standards for teaching English.

<https://tl.yu.edu.kz/yessenov-language-center/>

2. MBA for local lawmakers and business structures.

<https://bl.yu.edu.kz/kafedry/mba-2/>

3. Joint measures for the comprehensive development and successful implementation of the institution of pre-trial settlement of disputes, including the institution of mediation, which contributes to reducing the level of conflict in society. The main task of conciliation procedures is to bring the parties to an agreement. The mediator helps the parties find a mutually beneficial solution. The training center is designed to conduct training practical exercises on the application of conciliation procedures and the benefits of out-of-court dispute resolution.

4. Laboratories for ecology experts from the local public.

<https://eng.yu.edu.kz/laboratorii/kafedra-ekologiya-i-himicheskij-inzhiniring-2/>

5. Cooperation between Mangystau Regional Electric Power Company JSC and Sh. Yessenov University in order to expand the capabilities of young professionals and increase human resources in the field of energy.

<https://eng.yu.edu.kz/filialy/ma%d2%a3%d2%93ystau-%d3%a9%d2%a3irlik-elektrtorapty%d2%9b-kompaniyasy/>

6. OPTIMUM design Institute LLP performs work on studying the prospects for the oil and gas industry of the region, developing projects for the search for deposits at New promising sites. An agreement was signed between the rector of sh.Yessenov KSTU B. B. Akhmetov and the general director of OPTIMUM design institute LLP B. K. Kurmanov on the opening of a branch of the Department of Geology. <https://eng.yu.edu.kz/filialy/zshshs-optimum-zhobalau-instituty/>

7. At YU, a multifunctional greenhouse "ESENOV JILIJAY" was built in order to commercialize the results of scientific and technical activities. The Yessenov greenhouse has been operating since the spring of 2019. The cultivation of dill, vegetables, fruits and some varietal flower species is carried out in a closed ground area. The greenhouse is built using the latest technologies for uninterrupted operation throughout the year. The cultivation of vegetables and berries is provided with full drip irrigation and a hydroponic system. <http://ped.yu.edu.kz/laboratoriya/esenov-jilijay-zhylyzhajy/>

8. In the field of additional vocational education, Maritime Academy of Yessenov University offers the following specialties: watch sailor; shift motorist; ship electric; skilled sailor; qualified motorist. <https://ma.yu.edu.kz/te%d2%a3iz-o%d2%9bu-zhatty%d2%93u-ortaly%d2%93y-tozho/>

The university has developed and is actively implementing a program with an anti-corruption policy and a comprehensive plan for its implementation (2012-2021) approved by the Academic Council of the University, guided by international experience in combating corruption and regulatory documents.

<https://yu.edu.kz/stopcorruption/>

YU acts as a platform for national and local discussions. The department of Law has implemented joint measures for the comprehensive development and successful implementation of the institution of pre-trial settlement of disputes, including the institution of mediation, which contributes to reducing the level of conflict in society. The main task of conciliation procedures is to bring the parties to an agreement. The mediator helps the parties find a mutually beneficial solution. The training center is designed to conduct training practical exercises on the application of conciliation procedures and the benefits of out-of-court dispute resolution.
